Competition

We had about 8 nippers compete at the Pt. Leo carnival, getting some extra competition in before state. I don't have all the results but from what I saw we had a lot of finalists and the competition was very strong. Well done kids. We wish all the nippers well at state in a couple of weeks. Entries have now closed and age managers will be organizing your teams.

Get Well!

A big get well to Hayden Owens, who has been very sick. Hayden is an age manager assistant and our competition coach. Keep your chin up and we hope you can get back on the beach very soon.

Our Final Session!

Wow how quick has it gone! This is our final nipper session, but we would like to see everyone here for our 1st ever mini carnival. Can we have as many helpers here by 8.00am to help us set up for the carnival. We need everyone else here by 8.45 so you can be given your job for the carnival. Then we can get started on time, as we have a lot of competing to get through.

There was mixed reports from the kids that went to the state development camp. Most of them enjoyed it and made a lot of new friends and came home looking like Kristyn! (unbrushed hair and wraps in it). Well done kids you represented our club well.

We must congratulate a few nippers and their age managers. It's great to see that when the time comes, they have been taught well and listened. Samantha, Kesha and Jeremy from U13 found themselves rescuing a swimmer that was washed up on rocks and was quite badly cut up from the rocks. They used their knowledge that they had learnt in their theory lessons. The life guards said they did everything right. This just proves that the theory lessons are important and you never know when you might need to use them. Great job kids.

See you on the beach.

Donna, Ray, Duncan and Vicki
